F. Stanley Watson, the Auditor's agent, has filed suit against the C. & O. Railroad Co. for \$600,000 back takes claimed upon the lease which has never appeared for enlistment before the Assessor. Mr. Watson's per cent. for collecting same, in case he wins the suit, would be over \$100,000. —Dover News.

After July 1 such petty but annoying taxes as the revenue stamps on cheques, money orders, express receipts, telegraph despatches and telephone messages are to be abolished. Our forefathers revolted against a Stamp Act not half so offensive as that which we have patiently endured for the sake of freeing Cuba, civilizing the Philippines and enriching the political bosses of this country. —Ex.

Twice Proven.

From the Vindicator, Rutherfordton, N. C.: The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joints, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by J. W. Dawson & Bro. and Morgan McKinney.

John Nicholls, over in Nelson county, is feeding broom-sedge to his sheep, horses, cattle and all kinds of stock. The broom-sedge was cut when green and was well cured. Mr. Nicholls intended to use it for bedding but when he found that it was eaten by his stock in preference to timothy hay used it as a feed. If broom-sedge will take the place of oats, hay, etc., farming would be a joy forever in some sections of this county. A fellow could just "lay back" and laugh at every day. —Larue County Herald.

Rev. J. I. Wills, of near Harrodsburg, has the care of four churches, two in Madison, one in Harrison and one near Harrodsburg. He says he is going to attend to them all, raise seven or eight acres of corn and tend his garden himself, besides other ministerial work. This should put the goods-box whittler and the hard times croaker to thinking hard of their worthlessness. —Richmond Pantagraph.

At Georgetown, Mrs. E. Thomson killed herself and her three-year-old boy by almost severing both their heads with a razor.

For Brain Fag

Loss of mental energy, lack of thought power, failing memory or inability to concentrate the mind on the work in hand, there is nothing so good as Dr. Miles' Nervine. Its powerful influence in building up and strengthening the broken-down nerves, makes this great remedy an invaluable brain-food and restorative. It nourishes, fortifies and refreshes the tired and worn-out brain and gives new strength, new life, and new energy to the system.

"My nerves were debilitated, and I had much dullness, confusion of thought and inability to perform accustomed brain work. After severe mental effort I would be so overcome and weak that my stomach was greatly deranged. Hearing of Dr. Miles' Nervine I began taking it; and I truly believe a good share of the nerve energy I have since enjoyed is due to its influence."

REV. L. STEERE,
Douglas, Wyom.
